Selectmen's Meeting

MARCH 25, 1986 - by VIRGINIA ARRAL

NO ACTION ON UNSIGNED LETTERS

At last Tuesday's Selectmen's meeting, Chairman John DeCosta said that if the person who wrote the unsigned letter wishes to come forward with his or her name, the board will be happy to take action on the complaint.

"We have been consistent with this approach in the past and will continue to do so", the chairman explained. Letters sent anonymously will not be acted upon was the unanimous opinion of the full board - Frank Suzan, James Huntoon and Mr. DeCosta.

In other business, Selectmen:

MET WITH TOWN CLERK Lois Ennis to discuss a proposed article for the annual town meeting for a sum of money to purchase additional computer equipment. She said "we need another computer station where someone else can input, as the present equipment runs almost all the time".

Mrs. Ennis suggested "we use what we've got, bring back our own computer equipment on loan to Old Rochester Regional High School and add new equipment that will be compatible." She estimated the cost at $6,000.

The Town Clerk continued, saying, "technology is going up and prices are coming down - now is the time to update". She explained that if the town didn't have its own equipment, outside computer services alone would cost the $6,000 for data on such things as street listings, dog owners and voters. She said, "there a multitude of things we can get into the system - building department, assessors and selectmen's office information".

Selectmen recommended putting the request into the computer budget account rather than a separate article. Mrs. Ennis pointed out there is presently $3,500 left in the computer budget, a sum of money due from the state reimbursement for census work and $900 outstanding in a printing account that can be used.

AGREED TO PLACE AN ARTICLE in the town warrant seeking $2,000 for the New Bedford Women's Crisis Center. This same amount was voted last year to assist the Center. Selectman Huntoon said Police Chief James Moran has recommended supporting the group.

Pam Karalekas, coordinator of volunteers, explained the $2,000 is sought from each area town serviced by the center. She said there are seven new Mattapoisett clients since 1985. In explaining the Center's activities, she said "we've given talks at ORR about sexual assault and domestic violence. Usually after our talks the response on our Hot Line is very busy." She noted Principal Donald Murphy has been very cooperative. "We've also done some training with the police department and some of our referrals have come through the department."

Ms. Karalekas further explained the operating budget is the same as last year, but they are receiving 30 percent less from New Bedford. The center has four paid employees, the rest are volunteers. She noted volunteers receive a 6-10 week training program and serve in the court room, hospitals and outreach programs. Carol Suchman, a Mattapoisett resident who was present at the meeting, said she

has had the training and been a volunteer for over a year. Mrs. Suchman said she has done outreach work and some hospital work.

RECEIVED A REQUEST from the ORR School District that an article be placed on the warrant for the annual town meeting to read as follows: "to see if the Town will raise and appropriate the sum of $38,360 for technical services and $274,000 for Capital Improvements at the Center and Old Hammondtown Schools".

An estimate given by ORR Associate Superintendent for Business Andrew J. Santos to the committee included a breakdown of costs - boilers, $68,400 total; windows, $91,300 total (both at Center School) roof at Old Hammondtown School, $118,560 total and miscellaneous expenses, $34,200.

WERE ADVISED by Shellfish Constable Brian Nunes that Pine Island Pond will be closed from April 1 to October 1 for oyster relay. Oysters will be taken from Eel Pond and placed in Pine Island Pond.

MET WITH MEMBERS of the Personnel Board and Finance Committee to further discuss the Selectmen's request for their support at town meeting to add a full-time assistant in the town accountant's office. Michael O'Brien, chairman of the Finance Committee, noted earlier information the two committees had received was not complete as to the workload of Town Accountant Betty Sears. It was agreed to meet again next week with the Finance Committee to continue the discussion.

WERE NOTIFIED by the town clerk that there are two outstanding dog warrants and that the warrants for arrest are with the police and will be delivered shortly.

HEARD FROM THE MATTAPOISETT LAND TRUST in reference to the town acquiring or building additional benches for the wharf and bandstand area this Spring. The Trust is interested in placing two benches on their

property next to the wharf for the public to use, and inquired if the Selectmen would be interested in working with them on this project.

George B. Mock, III, president of the Land Trust, wrote that the town and the trust might be able to save money by acquiring the benches together. Selectmen agreed to look into the matter and get back to Mr. Mock.

MET BRIEFLY with Barry Haskell, Recreation Director, and members of the Recreation Committee to discuss the letter received two weeks ago from Joao Rodrigues of the ORR Athletic Department expressing an interest in applying for the job of recreation director.

Chairman DeCosta noted the board was confused by the letter because as far as the board knew the position was not vacant. Selectman Huntoon said he'd talked to Rodrigues and he told Huntoon he'd heard there was an opening.

Jeff Riley, chairman of the Recreation Committee, explained "we hired Barry about six years ago when the Recreation Department was chaotic and we are happy with his work over the years". Marilyn Lee, committee member, said someone approached her on the subject, but "I told them Barry had no intention of leaving".

Selectman Huntoon said "we would like to see your (Recreation) department encompass the Beach Director's job under the Recreation Department's jurisdiction. The question is should we as selectmen hire a new beach director or put it under the recreation department? If you want to consider it for one year, we will have to advertise for a new beach director - someone mature, as there a lot of responsibilities on that job".

Selectmen Honor Boucher

Al Boucher, retiring Town Beach Director, was presented a certificate last Tuesday by the Board of Selectmen "in appreciation of his 31 years as Beach Director on behalf of the residents of Mattapoisett."

Chairman John DeCosta said it has been a pleasure to work with Al over the years. "His leaving will leave a big void to fill. Mattapoisett has been fortunate to have had you." Selectman Frank Suzan told Boucher there have been very few problems and the beach has been a smooth running operation - "it is a credit to you".

Boucher extended his sincere thanks to the Board of Selectmen and the residents of Mattapoisett for their cooperation and kind consideration throughout the years.

Help for the Herring

Alewives or 'herring' now entering the Mattapoisett River must fight their way 14 miles upstream to do their annual spawning in Rochester's Snipatuit Pond. Some make it to the pond and many do not, and to help these fish on their hazardous run two local organizations are working cooperatively.

Alewives Anonymous Inc. with headquarters in Rochester aims to increase the number of fish in the Mattapoisett and Sippican Rivers. In the Sippican it hopes to restore a broken dam at Hathaway Pond and to eventually provide the herring access not only to Hathaway but to Leonards Pond as well. It recently purchased two chain saws, one of which has been donated to the Mattapoisett Fin, Fur and Feather Club in appreciation of this club's furtherance of similar objectives.

For years the River Restoration Committee of this latter organization has kept the Mattapoisett River partially free of fallen trees, weeds and branches, enlisting scouts

MEDEX is a supplemental insurance that takes over where MEDICARE leaves off. MEDEX 3 is the most comprehensive and the most expensive ($130.02 quarterly). MEDEX 2 provides the same coverage as MEDEX 3 with two exceptions: 2 does not cover private duty nurses and does not cover prescription drugs. MEDEX 2 is $98.19 quarterly. MEDEX STANDARD ($87.21 quarterly) provides the same coverage as MEDEX 3 except it does not pay for the Medicare deductible of $492. for Hospital care and it does not pay for the $75. deductible for for Medicare B.

CORRECTS SHOPPING SCHEDULE FOR ELDERS

The Presto Press was given incorrect information about the weekly shopping trip run by the Council on Aging. Shoppers are picked up at their own homes rather than at St. Anthony's Church parking lot. Pick-up begins at 8:00 a.m. and can be arranged by calling Delia Caton at 758-2550 during the nutrition program at noon Monday through Friday. The van returns at 10:30 a.m. which is plenty of time to take part in the noon meal program.

In November 1985 Com/Electric, in cooperation with the Salvation Army, announced the formation of its Good Neighbor Energy Fund to help those who did not qualify under the guidelines of the State and Federal assistance programs but who nonetheless needed help due to financial hardship. The response to the call for help was generous and a fund of more than $80,000 was set up. For those families who qualify for this

interesting properties, and in this article we will look at three of our waterfront areas.

The first property is a fine ½ acre plot at the foot of Briarpatch Lane on the water, the gift of Mr. and Mrs. Roger Morris. The land offers a good view of the Ned's Point Lighthouse through a wide area of beach grass and bayberry. The rocky shore and view make this a good spot for photography as well.

Our second holding is another ½ acre on Pine Island Road, the gift of Mr. and Mrs. Ralph Eustis. This land is part of an open saltmarsh and is representative of much of Mattapoisett's shoreline. These marshes form a unique boundary between the salt water, shore environment and the drier, fresh water areas just inland. The plant and animal life in these marshes has adapted to a very delicate balance between these two environments. The marshes are rich feeding grounds

Fish and shellfish still provide an important source of food. They also have become the basis for many gourmet dishes because they are always tender.

Certain lean fish such as cod-fish, haddock and sole will contain as little as .05 percent fat.

Lean fish such as Haddock and Codfish are usually best when steamed or poached because their flesh is firm and will hold together during cooking.

for many migrating birds in the spring and early fall, and they border many of Mattapoisett shellfish areas. Rapid development can quickly destroy this delicate balance, so these wetlands are prime candidates for careful monitoring and protection.

Our third property is a recently acquired 4½ acre area on Pico Beach Road, the gift of Mrs. Elizabeth Crowell. The land borders Pine Island Brook and contains mostly white oak trees common to many of our lower, wetter areas near the shore.

Please refer to the maps to pinpoint the location of these properties as well as the wharf area and Rochester holdings introduced earlier. They all illustrate the environ-

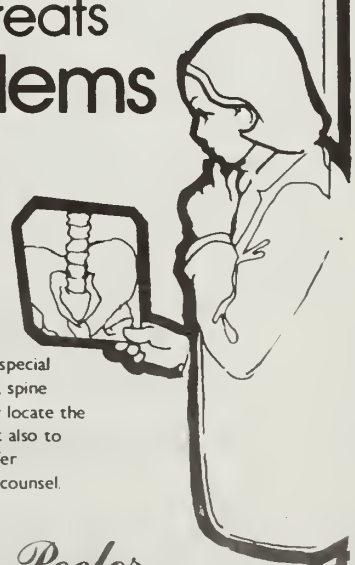
Here's how Chiropractic treats
Back Problems



Persistent or recurring aches in the lower back and limbs may suggest a possible lower spinal or pelvic problem. This often requires a structural correction of the cause in order to relieve the condition. Although drugs may hide the pain temporarily, the spine and sacroiliac must be aligned to their proper position for normal function.

The doctor of chiropractic has made a special study of conditions related to the sacroiliac, spine and nervous system. She seeks to not only locate the problem and give relief from symptoms, but also to correct the fundamental cause as well as offer preventive, rehabilitation, and maintenance counsel.

Scott Vandament is no stranger to the sprints. Scott has been powerful in the 50 and 300 Meters and holds the current school record in the 50 yard dash.

state on many Award Winning Relay Teams.

Michelle Kirby comes back as a sprint and middle distance runner who also does the High Jump. Michelle's ability is only outshined by her heart and enthusiasm.

Kris Lacroix is ORR's number one sprinter and leader of the Spring Relay Teams. She is counted on heavily to lead a young group of sprinters to some very fine performances.

Diane Larsen is ORR's best Javelin thrower, a 440 runner, and led the team to a Silver Medal at the State Meet last year.

Kris Jackivicz leads the throwing team. She has been a standout Shot Put and Discus thrower who has also received State recognition.

The last Captain is by no means unrecognized. She is Meri Mattson, who has won so much recognition locally and statewide as a Hurdler and High Jumper.

The success of this year's team will depend greatly on the leadership these girls show. They are all fine athletes, good students, and beautiful people.

dents at Old Rochester Regional Junior High School completed a three-week sequence of introductory lessons in Latin, French, and Spanish. The units were designed to give the students an idea of what the study of a foreign language might be like in grade eight. Academically qualified students then decided which language, if any, they would like to pursue during the coming academic year. Their selection required approval by a parent and their current English teacher.

The exploratory lessons were prepared and taught by upper-level foreign language students at Old Rochester Regional High School under the direction of their teachers: John Lewis, Vivian Cunha, and Richard Ellis. Nearly ninety high school students participated in developing and presenting the materials.

All participants benefited from the program. Seventh graders were given a better basis for selecting a foreign language for study in grade eight. High school "student teachers" experienced lesson design and teaching.

Marion Art Center

EXHIBITION BY TWO AREA RESIDENTS

An exhibition of paintings by two long-time residents of this area will be on display at the Marion Art Center from April 11 through May 7. Mary Lindenberg of North Dartmouth and Domingo Teixiera of Marion are the two featured artists.

Mrs. Lindenberg and her husband have spent over thirty-five years sailing to the harbors of Cuttyhunk, Martha's Vineyard and Nantucket. Her love of this area is reflected in her landscape and marine watercolors and acrylics. A prolific artist, Mary Lindenberg has had 76 one-person shows, and her paintings are in over 500 private collections. She is very active in numerous art clubs in southeastern Massachusetts. Mrs. Lindenberg graduated Phi Beta Kappa from Hunter College in New York with a degree in mathematics. She is a self-taught artist.

Domingo Teixiera is also a self-taught artist. This is his first exhibition. A life-long resident of Marion, Domingo was raised by his family who were descendants of the Cape Verdean Islands. For the past fifty years he has worked for the John W. Miller family of Marion, particularly

in the Overflow, an antique shop. Over the years many pieces needed repair. Domingo married an English woman during this period who was an accomplished artist. Several years later she returned to England and left her paints and brushes behind. During the winter months Domingo began experimenting with different media. He showed his versatility not only in painting but also in carving and furniture decoration. In the past several years Domingo has had many commissions, and his works are in private homes from New England to California.

The formal opening of the Lindenberg/Teixiera show will be held on Friday, April 11th, from 6 to 8 p.m. Both artists will be present at the wine and cheese reception.

The gallery is open to the public Tuesday through Friday 1 to 5 p.m. and Saturday 10 a.m. to 2 p.m.

There will be another basketry workshop at the Marion Art Center on Monday and Tuesday mornings, April 14th and 15th, from 9 to 12. Mary Ellen Nochimow will again teach this popular class. Space is limited, so call the Center at 748-1266 to register.

THEATER PRODUCTION OF "JOY"

Rehearsals are well underway for the Marion Art Center's spring theater production of "Joy", a play by John Galsworthy. Galsworthy is known for his drama and for his novels. His most famous work, The Forsyte Saga, is set in the heavily respectable upper middle class London where the author skillfully creates characters that audiences embraced as "real" to the point that when Soames Forsyte's death occurred in one of the later novels, several London newspapers carried obituaries as though he had been a living figure.

"Joy" is a lesser known work, yet the same concern for character is evident. It is a romance, a play of private and personal concerns, with themes that are timeless and relevant even today. Director Sylvia Bigelow has cast veteran actress Jessica Shepherdson in the title role with newcomer Mark Parsons opposite her as the young man. Joy's mother is played by Joan Olsen with Jim Marlow, mysterious man about town and lover of Joy's mother. Other cast members include Kay Sweeney, Vincent Worden, Barbara Wallace, Christine Picazio and Herb Borden. The play is set in 1903 and full-period costumes are being sewn by Jane Marso, Mary Pierce and Gene Castillo.

"Joy" will open at the Center on Thursday, April 17th, at 8:00 p.m. It will continue April 18th and 19th at the same time with a 4:00 p.m. matinee on Sunday, April 20th. Reservations for all performances may be made by calling the Marion Art Center at 748-1266. Tickets are $5.00 for members and students and $7.00 for non-members.

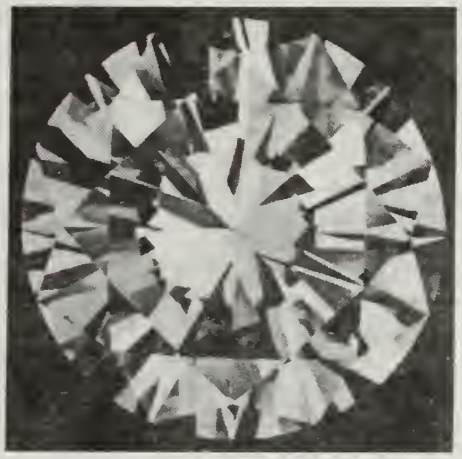
DIAMOND
THE APRIL BIRTHSTONE

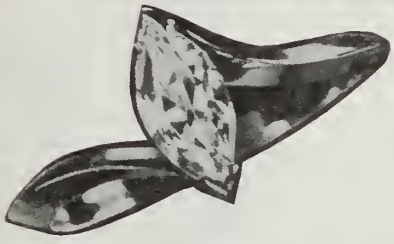


The diamond is the most romantic of all gems, the hardest, the most brilliant and usually the most expensive.

The diamond has been described as "the fire that never burns out".

Since Western Civilization considers the diamond as the symbol of marital happiness and good luck, it quite naturally graces the engagement ring.

As the April Birthstone, the diamond is a victory talisman, said to endow the wearer with superior strength, fortitude and courage.



Diamonds were first found in India, and it was from India that they were brought to Europe. Presently, Africa's famous mines yield the largest quantity of Gem quality diamonds, with Russia probably second in production.

The value of the diamond you purchase in your jewelry store will depend on four factors: CUTTING, COLOR, CLARITY and CARAT WEIGHT.

Generally, the more colorless a stone is, the finer the quality. Value falls as the stone deepens to a yellow tint. Exceptions to this rule are the very rare colored diamonds known as "FANCY" stones; famous colors are the Deep Hope Diamond, The Yellow Tiffany and The Green Dresden.

Minute flaws or inclusions may not harm the diamond's beauty, but will lower the value slightly. However, flaws that are visible to the naked eye do seriously harm both the appearance and the value of the gem. Most important of all is the quality of the cutting. When correct cutting is sacrificed to achieve maximum carat weight, it is always at the expense of brilliance and value.

There is no limit to the jewelry uses a diamond may have. Truly fine jewelry will give you immeasurable pleasure throughout your lifetime and later does become a treasured family heirloom.

Therefore, selecting the Jeweler who will guide your purchase is a matter of great importance. Your Jeweler should possess a comprehensive knowledge of Gemology, proper instruments for determining the quality of gemstones, business experience, ability, and above all the integrity to pass his sound judgment on to you. You can put your trust in us.

Review: "Great Expectations"

GUTHRIE THEATER PRODUCTION OF "GREAT EXPECTATIONS" STAGED AT THE ZEITERION

a review by David B. Boyce

The Guthrie Theater of Minneapolis is touring their production of Charles Dickens' classic, "Great Expectations" and the Zeiterion Theatre was wise to engage them. The Guthrie won the prestigious Antoinette Perry Award last year, as the best national regional theater. The same honor was bestowed on Trinity Repertory Co. in 1981.

This Guthrie production is very fine; indeed, among the best the Zeiterion has ever offered. And while "Great Expectations" is regarded as exceptional literature, this adaptation by Barbara Field is good theater, but not exceptional. Ms. Field has well-served Dickens, but because she chose to serve Dickens rather than Thespis, her adaptation fails to be as vicerally entrancing as it is literary. All of the elements and plot turns of the original tale are represented in three and one-quarter hours, with two intermissions. Occasionally, this observer felt he might be viewing the theatrical equivalent of a Classic Comic book, but theatrically truncated.

Ms. Field's adaptation is blessed by the discerning eye of Director Stephen Kanee and his superb technical staff. What makes this production so watchable is the triumphantly consistent ensemble acting company. From the briefest walk-on role to the sustained performances by the leads, these actors exhibit a seamless ability to interact flawlessly. Each characterization

is wonderfully, though sometimes too briefly, realized.

A few years ago, Britain's National Shakespeare Company presented their 8-hour version of Dickens' "Nicholas Nickleby" on Broadway, which garnered superlative acclaim. Some comparisons are possible here, but the problems with "Great Expectations" derive from the seeming necessity to preserve the Dickens' narrative at the expense of full theatrical character development. Ms. Field has bitten off a huge responsibility and has done a good job, though not a great one.

That criticism withstanding, this is hardly a production to be swept under the rug. Because of its adherence to its literary scope, it has an epic quality that compliments the novel. The exposition is carried by the extended scenes by the principals, interspersed with single lines, given by incidental characters, acting not unlike a Greek chorus. They throw the narrative forward, in choppy bites, but the elongated scenes, which can sometimes feel like slow-motion by comparison (though not in the pacing), engage the viewer without being boring. It is here that the actors deserve the credit.

Timothy Wahrer as Pip, Ann-Sara Matthews as Estella, Darrie Lawrence as Miss Havisham, W. Alan Nebelthan as Joe and Don R. Fallbeck as Magwitch, along with Barbara Tirrell as Mrs. Joe, Jack McLaughlin-Gray as Jaggers and Stephen D'Ambrose as Herbert Pocket deserve high accolades for not only their work in principal roles, but for their flexibility to assay others. Especially good is Matthew Kimbrough in four roles of

very different Dickensian types and he is extraordinary in each.

Ms. Matthews embues Estella with a tauntingly chilly air which grows to a pathetically ironic warmth at the denouement. Miss Havisham, in the hands of Darrie Lawrence, is a formidable creature, plotting and densely complex, embittered and angry, but she too grows to exude some humanity so that by the time she meets her fiery doom, we feel sorrow for her.

Mr. Wahrer is remarkably accurate as Pip. While he is too old to be a believable boy and teenager, his choices as an actor, reveal the right emotions. He is most effective. As Pip matures to become a young gentleman, Wehrer blossoms into the role, headstrong in his integrity and faithful in his values. His is a strong performance.

The unit set, by Jack Barkla, was inventive and effective, with various set pieces brought onstage by the actors. Lighting designer Marcus Dilliard supplied marvelously atmospheric enhancement with superb effects. Some illusions in staging seemed cumbersome, such as the boat rowing scenes and the climax accident-at-sea, but they served to break a monotony of scene-setting that began to be predictable.

These, however, were three and a quarter hours well-spent. We, in the greater New Bedford area, have too few opportunities to see nationally acclaimed theater and the Guthrie is to be viewed seriously. "Great Expectations" offered us a precious chance to see good, vital and inventive theater, close to home. This viewer is grateful for that opportunity. It was surprising, with the Zeiterion less than half full, that more of our communities failed to take advantage of the situation.

FREE WEDNESDAY AFTERNOONS AT WHALING MUSEUM

In April the New Bedford Whaling Museum hosts the exhibit, "URBAN VISIONS: THE PAINTINGS OF RALPH FASANELLA". Organized by the Herbert F. Johnson Museum of Art at Cornell University and currently on a national tour, Urban Visions is on view at the Whaling Museum through May 5th. The Museum will be open free on Wednesdays from 1 to 5 p.m.

Using the setting of city streets and New York neighborhoods that formed the background of his life, Ralph Fasanella celebrates in bold and vivid paintings various aspects of urban living, from baseball games to political struggles to everyday working-class activities. Fasanella's long commitment to the American labor movement has found expression in powerful canvases, including the famous series depicting the Bread and Roses Textile Strike of 1912.

We hope you will come to see Mr. Fasanella's festive blues, flaming reds and somber grays. The Whaling Museum hosts the only New England showing of the exhibit, which has opened to public acclaim at Cornell and in Albany.

Great Swain Art Auction

THIS SATURDAY, APRIL 5th

On Saturday, April 5th, promptly at 5:30 p.m., the Honorable John Bullard, Mayor of the city of New Bedford, will swing the gavel to sell off the first piece in the Swain School of Design's SEVENTH ANNUAL GREAT SWAIN ART AUCTION. The Auction is the college's major social and fund-raising event of the year with all proceeds going to the Swain Scholarship Fund. It is also an excellent and rare opportunity to begin or add to a collection from art work donated by the finest artists working in southeastern Massachusetts - the faculty, students, staff and alumni of the Swain School of Design.

In 1986 for the first time the auction will include work from Swain's new Program in Artisanry (Ceramics, Fiber, Metals & Wood) recently transferred to New Bedford

after ten years at Boston University. The program has a national reputation gained through the quality of work produced by its students and the caliber of its faculty, each a master in their craft.

Dennis Broadbent, painter, Swain graduate and auctioneer extraordinaire, will for the seventh time smoothly sell off over one hundred pieces of art in Studio D of the Crapo Building. Art work will include Ceramics, Drawings, Fiber Work, Metal Work, Paintings, Posters, Photographs, Prints, Sculpture, Watercolors and Wood Pieces.

The auction will include as a special feature the College's new Collaborative Print Portfolio. The limited edition portfolio contains prints by Swain faculty, students and staff. All print media are represented including lithographs, etchings, screen prints, reliefs, etc. The portfolios are limited to one each for contributing artists, one for the auction and one for the Rising Paper Company. No other copies will be made of the pieces. Yearly each print and the Collaborative Portfolio as a whole will rise in value.

The Swain School of Design is especially grateful to the Rising Paper Company of Housatonic, Massachusetts which donated the fine art papers for the Collaborative Print Portfolio.

For more information please call the Swain School of Design at 997-7831, ext. 25.
